Saying goodbye is always tough, especially when this separation lasts an entire class hour. In order to show their feelings, Heritage students prefer to express they care right in the middle of the halls. Despite school rules, and rude passing comments, intimacy will always be in the air even if it seems like the school's lovers prefer to include you in their audience.

Romance, Rap & Ridicule 1991

Mock Rock1991 was quite enjoyable. There were a variety of acts participating this year. Another reason was because there was money involved. First place received \$150. The group "strictly mental" consisted of Reggie Williams, Xavier Williams. Armond McBride and Eddie Key. Second place of \$75 went to F.W.A. It consisted of Jake Kapp, Louis Hooker, and Marcel Choice. Third place of \$50 went to

chocolate with a vanilla twist. It consisted of Jackie Thompson, Latina Thompson, Nicole Murry, and "Vanilla" Eftihia Stoumbos. There was a total of thirteen acts, ranging from the Doors to the humorous Milli Vanilli act. Maggies Tavern, a live band, filled in during the intermission. The wide variety of music included everyone's interests and made the evening a great success.

2nd place: Marcel Choice, Louis Hooker, and Jake Kapp.

3rd place: Jackie Thompson, Latina Thompson, Nicole Murry, and Eftihia Stoumbos.

Jim Henson

Jim Henson

Jim Henson, the man who created the Muppets. The entertainment of our childhood, was born on September 24, 1936 and died May 16,1990. Jim Henson was 53 years old when he died of pneumonia brought on by a rampaging strep infection. He created more than 2,000 muppets. His voice brought to life Kermet the frog, Rowlf the dog, Ernie, the Swedish chef, the jowly curmudgeon, know as Waldorf, and the porcine space commander Link Hogthrob. He is an inspiration to all muppeteers. His death was a shock to everyone. Now that he is gone, his muppets will never be or sound the same. It is a great loss to people of all ages. He will be greatly missed throughout the world.

UNICEF which stands for United Nations Children's Emergency Fund was a big project at our school this year. Last year, the student body raised less than \$200.00. However, this year we raised \$1248.78 thanks to Mr. Fitzgerald's input. He told us if we could raise over \$1000.00 he would have his hair shaved. As the weeks progressed more money came in. On the last day of the campaign which was Halloween the students of the leadership classes ran around the schooltrying to get the rest of the money they needed. At the end of the day we had enough money and Mr. Fitz was sweating like a puppy. On the day of his shaving News 5 and News 12 were here for the big scoop. It was also announced on WIOG. Thanks to the student body and Mr. Fitz for their work towards a worthy cause.

Though each individual in this world may not want peace, certainly most groups do. The Israelis, the Kuwaitis, the Iraqis, the Americans, and the Soviets-all want peace.

Both sides must decide they want peace more than pride. Each must give a little. Many people realize this, but more Israelis and more Palestineans must realize this.

I doubt Iraq wanted Kuwait that badly, though they thought they did.

Saddam counted on the Americans' desire for peace being greater than our desire for justice, and lost his bet. The Americans desire for peace was strong, but we wanted something more than peace... a free Kuwait.

People know how to achieve peace, but strangely enough, the one thing that everyone can agree on is the most elusive thing of all. If there is always something more important than peace, then peace isn't really important at all.

Now is the time to seize peace. Waiting means losing out on our best chance for peace. In the Persian Gulf, all sides are willing to talk; that hasn't happened in a long time. Everywhere in the world peace is possible- how badly do we want it?

WINTERC

This year's winter carnival was a big success. It all started with a pancake breakfast in the morning followed by games and booths put on by various clubs and classes. From there it went to outside events which varied from sled races to obstacle course races. Also during the day was a staff and administrators's volleyball competition. The carnival's festivities ended with a dance.

Spring Fever began with four days of Spirit including hat day, hippie day, blue and green day, and tie day. On the final day of the week class t-shirts were worn for the games. Games ranged from soccer played with a ball that would roll over to a conventional volleyball game. At noon after all the outdoor events, Broadways's Anything Goes challenged the classes to be the winners. The national anthem was played by Jeremy Engel on an electric guitar to start out the day indoors.

Class competitions have been g on since the beginning of Herita but this year has brought many class competition days and eve One such event was this year's p der puff hockey competition for cl points. The teams were chosen by Leadership class: juniors played seniors while the sophomores w paired with the freshmen. Every te member played their hardest, but o the seniors and sophomores emerg victorious. "The juniors weren't ou win, they were out for blood." said E Swope, a member of the junior tea The two teams then battled for the fi place points, and the sophomores w after a hard fight. "The games we really vicious," said Kerri James, senior who participated, "but tha what made it fun." Fortunately, it did matter if a team won or lost- its mer bers had a great time and plan come out on top during next year competition.

LANGUAGE SKITS

For the third straight year the foreign language classes have taken part in Foreign Language Week by participating in Skit Day. Every language class created, developed, and practiced skits to be performed in front of students. Skit themes included songs, plays, television shows, and folklore. Although each skit was presented in the language the class was studying, many had English words and lines. Students who do not have language classes also enjoyed the performances, as the theater was full every hour. As one of the most anticipated events of the year, Foreign Language Week and Skit Day is sure to be a popular activity for years to come.

SHINE IN THE SPOTLIGHT

Detective Sargent Trotter, played by George Kristoffer Skentsos, and Giles Ralston, played by David Duffield, talk about the mysterious murderer.

lajor Metcalf, played by Nick Vanderborgh, has a ood time smoking his pipe.

Christopher Wren, played by Erich Brown looking aimlessly into the camera.

Paravicini, played by Mark Swanson, laughes his sinister laugh while the crowd tries to figure out who the murderer is.

Mollie Ralston, played by Megan Royle, and Director Jim Royle make sure the table is set correctly.

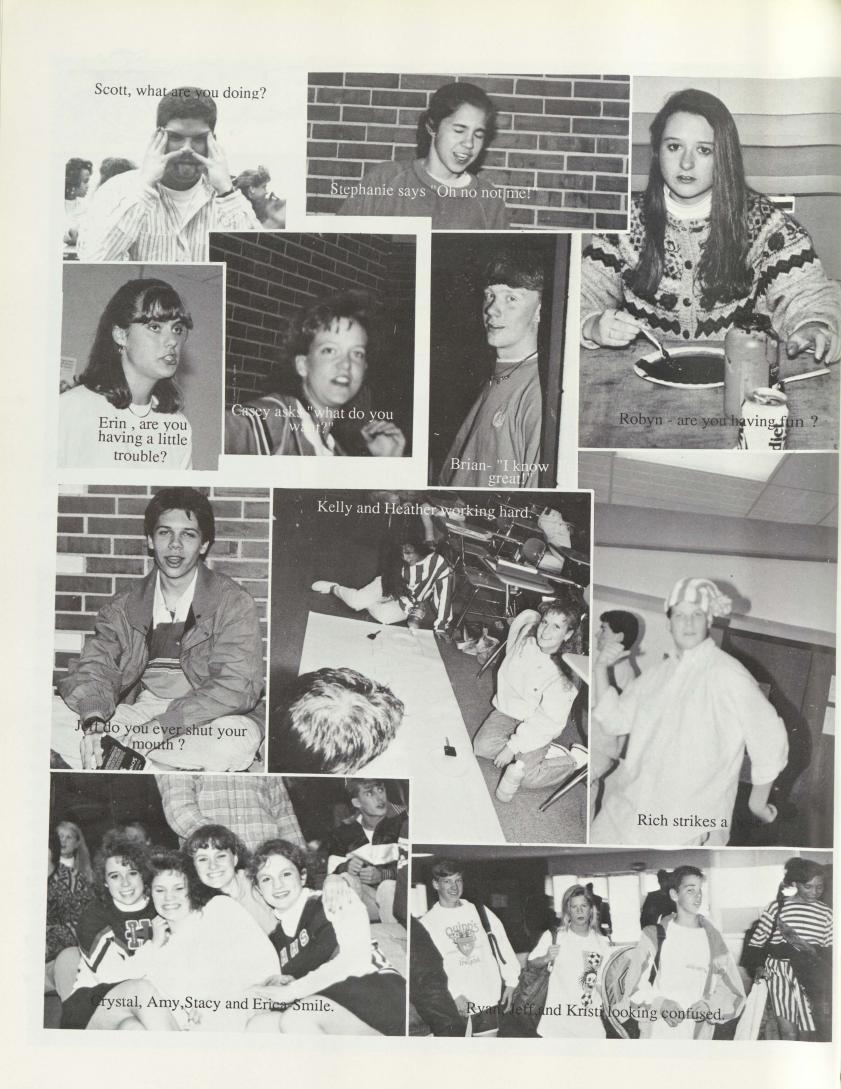

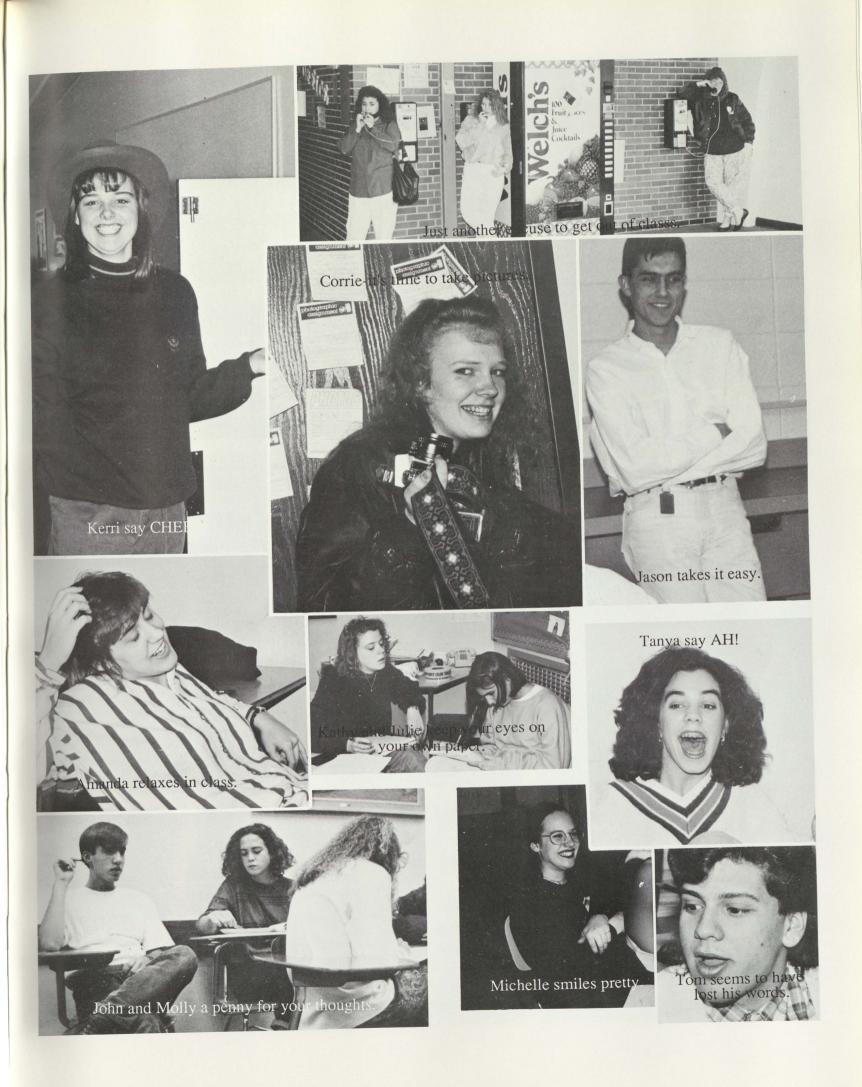

Mrs. Boyle, played by Tanya Wazny, takes notes thinking what else could go wrong.

Almost 700 people attended two performances of the world-famous play "The Mousetrap" After being held in suspense for over an hour, the crowd finally discovered that the investigating detective Sgt. Trotter was the actual murderer.

There were eight characters all together in the play. They were as follows; Megan Royle, (Mollie Ralston), David Duffield, (Giles Ralston), Erich Brown, (Christopher Wren), Nick Vanderborgh, (Major Metcalf), Melanie Hill, (Leslie Casewell), Mark Swanson, (Paravicini), Tanya M Wazny, (Mrs. Boyle), and George Kristoffer Skentsos, (Detective Sargent Trotter).

The play was enjoyed by those who attended, and everyone is looking forward to another exciting play production next year.

Here's Lookin' at You!

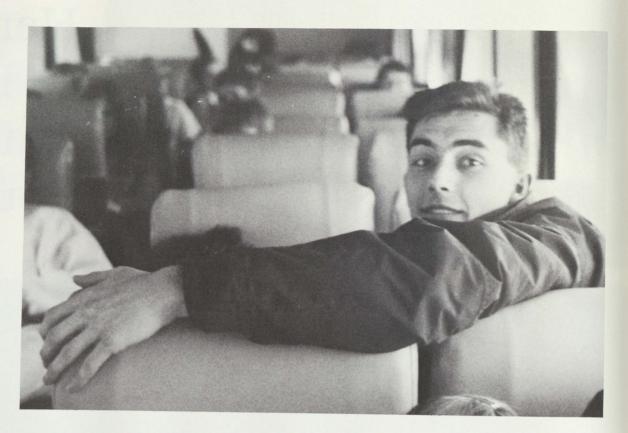

What made you want to be in Latin Club?

"Since Latin Club is the most active foreign language club with its annual banquet, slave auction, and parties, I decided to join during my freshman year and have continued to be a member. It's been great fun and an excellent learning experience."-Steve Warnke

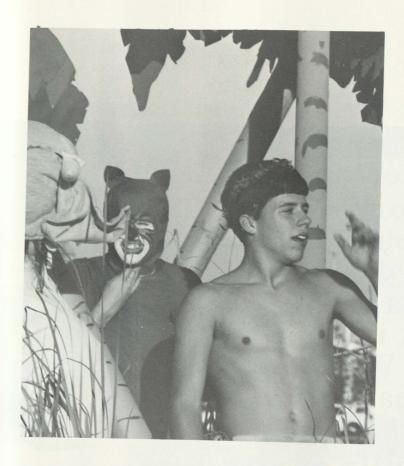

A ROAD TO

Why are you interested in the Russian culture rather than the other cultures?

"We want to learn about the Russian culture because it is begining to change. We want to learn about its history and observe the changes that are taking place now."-Nora Goodell

The French/ Spanish Club was very active and there was always something going on. The main fundraiser was a candy sale, in which members sold M&M's. The F/S club marched in the Homecoming Parade in October.

The Latin Club was quite busy this year with their third Homecoming float, which placed well. They also hosted a dinner with a touch of Roman culture. The Latin Club also threw many parties and ran some pretty successful fundraisers.

Left: Ryan Kaltenbach poses as the Jungle Boy on the Latin float during the homecoming parade

What did you like most about the French/Spanish Club?

" It was really fun being in the homecoming parade, and I also liked going out to dinner at the Spanish restaurant. The best though, would have to be our ski trip. Despite some injuries, everyone had a good time."-Tom Romito

DIFFERENT CUSTOMS

German Club was really active this year. They participated in the Homecoming parade with a float. In November they held a Christmas bazaar that raised plenty of money.

The Russian Club this year was under the direction of Mr. Crane. The president is Nora Goodell. They are planning a trip to Russia in June.

What has the German Club done this year?

"This year the German Club worked long hours on the homecoming float. We also sponsored our annual bazaar in November. It is a real big fundraiser for scholarships."

-Nikki True

Hooray for Student Assembly. This year the various members have sponsored a lot of events throughout the school year. Here are some of the events: Mock Rock, All school elections, Powder Puff Hockey, and the ever most famous UNICEF Fundraiser. The assembly consists of a President. Vice-President, Secretary, Treasurer, Five Senators (who are elected) and Representatives (who are not elected). There is only one formal meeting each month where a lot issues are discussed and settled. Mrs. Oberschmidt ,the faculty adviser, encourges all and any students to get involved. It is a great opportunity for students to help out with school activities and to share their ideas. Congratulations Student Assembly on a very properous year.

"I would definitely recommend this leadership and encourage students to get involved. We need true leaders, for they make the difference," said Beth Tallon.

LEADING THE WAY

WHITE PINE COUNCIL

The White Pine Council is made up of students from Buena Vista, John Glenn, Bridgeport, Mt. Pleasant and Heritage High Schools. It is headed by President Trevor Liddle of Heritage, followed by Vice President Craig Cummings of Mt. Pleasant. Megan Royle also from Heritage is secretary, and Jennifer Middleton is Treasurer. Other Heritage members include: Tom Romito, Andrea Larsen, Ty Newberry and Sarah Brant. The advisor of this hardworking group of students is Mr. Larsen.

The White Pine Council represerved.

The White Pine Council represents all of the students to the White Pine Principals. Their purpose is to promote good sportsmanship throughout the schools and their teams. The members from all of the schools meet once a month at different locations. They also spend a day visiting other schools and classrooms. The council members try to make our school better by using ideas from the other schools.

This year the White Pine Council held its first annual mock Rock. Contestants from each school in the council performed. Heritage placed first and third with Bridgeport coming in second. The night was a great sucess! They hope to hold another next year. Other activities of the council include a road trip to Lansing to meet Senator John Cisky, and a Spring picnic. The White Pine Council has made a great contribution to all the schools involved.

After 8 hours of canoeing and being dumped in the freezing cold water I thought I was ready to go home "-Nikki Thomas

"The best part of the camping trip was the party around the campfire at night." -Scott Jablonski

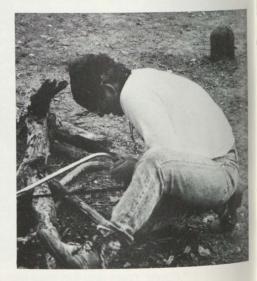

Known as the trip of the year, the Heritage High Outdoor club went for a "weekend camp" on the big Manistee. On a sunny, comfortable Friday in October the group met to go to Grayling for a weekend of relaxation and fun. The weekend plan was to go 26 miles by canoe down stream. The 20 canoes progressed while dodging many trees, stumps, shallow spots, and animals. Besides the few casualities of tipping canoes, the whole club came back in one piece.

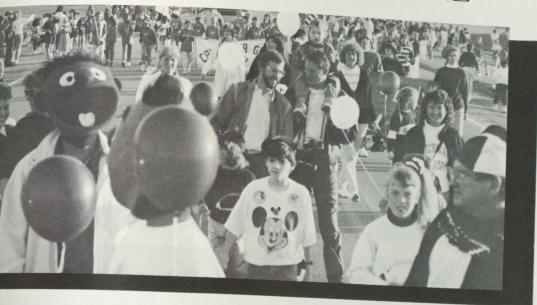

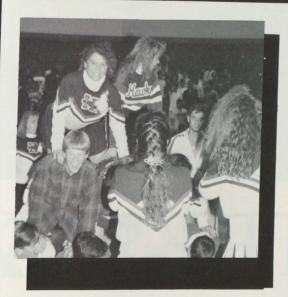

PEP CLUB THEY MAKE THE SPIRIT SHINE

"This year's Pep Club generated much school spirit." -Julie Ryan, senior

"I thought the Pep Club did a great job and I think we kept the spirit alive" -Craig Baldwin, senior

"Pep club made a lot of progress this year. The forming of H.Y.P.E. and the opening of the end zone bleachers were a real move forward for us." -Mr Townsend, sponsor

The Pep Club at Heritage did an outstanding job this year of keeping thestudents cheering in support of the athletes. Some say this has been one of the most enjoyable years here at Heritage because the students are so enthusiastic. Celebrating events such as our teams reaching Regionals or State Finals naturally make the rest of the school proud, but we went the extra mile with reaching the U.N.I.C.E.F. goal and shaving Mr. Fitz's head in front of the whole township. For the people staying at Heritage another few years, the seniors hope you can keep the spirit alive.

D.E.C.A. Distributive Education Club of America

The Distributive Education Club of America (DECA) chapter at Heritage is now in its third year and still growing. The club has had great success, especialy at the state and national competitions. Heritage sent 32 students to state competition and 9 students to national competition in Denver. DECA members found this club to be a great way to learn while having fun competing in various academic contests.

The 1990-91 Heritage High School Debate Team shows great promise for the future. The topic for this season is Space Exploration. At practice, and on their own, members gather informatioon their pro or con standing of space exploration. Their goal as a team for this season is to win, win, win. They would like to make it all the way to finals of state competition. When asked of a funny story that she remembered, Mary Veremis stated, "We have a really old van. I mean this van has no heat and no radio!" Mary strophy by just one point.

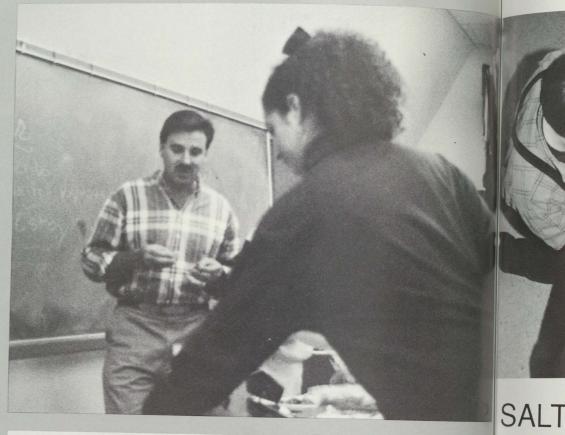

Debate, the brainchild of Mrs. Makrianis, can be a lot of fun for all its members. Teresa Puehl stated, "Although there is a lot of work, the environment is relaxing." When asked about standouts on the team, Payal Trevidi remarked, "There really are no heros among us. We work as one unit; a team." This years debate they can "go all the way."

WATER AQUARIUM CLUB

The Heritage High School computer club has had a great year. Zach Constan is the president of the club and has brought many new ideas that show the best of his intelligent group of students. Chris Shumaker, a member as well as vice-president, is encouraging anyone who knows anything about computers to feel welcome to join. He feels the club has great potential and has gained a lot of experience. Chris, along with Zach and the rest of the club members also have set up a class to teach students new computer languages such as BASIC and LOTUS.

"The Computer Club was formed to make people more aware of computers and how to use them. We just want people to use the computers in our school.

Computer literacy is our goal."

-Chris Shumaker

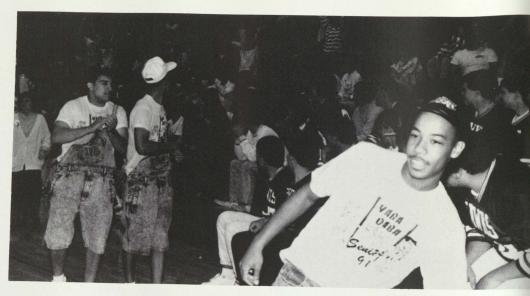

"We're basically a bunch of fun people who meet to exchange ideas, knowledge,and pirate software." -Zach Constan

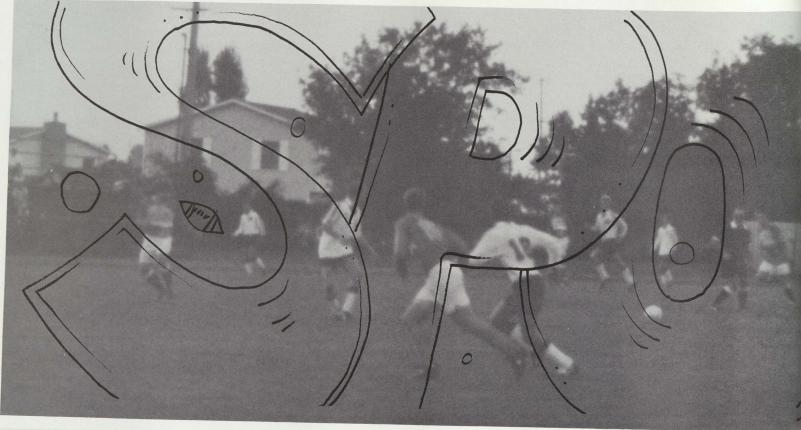

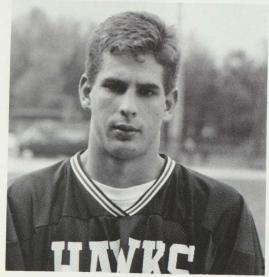

"Both plant and animal aquatic life are interesting to keep & observe in the classroom." -Mr. Williams

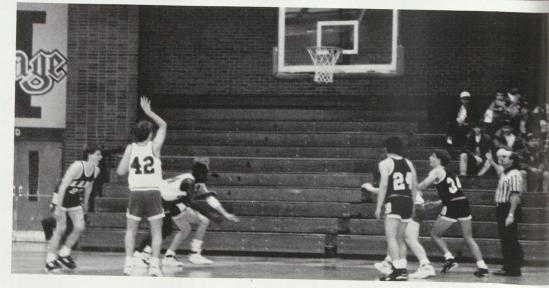

This year is the third annual year of the salt water aquarium club. This club consists of ten members and two officers. The two cochairpeople are Melissa Ruh and Tori Beach. Their meetings are held in Mr. William's room at 2:30. What the club does is collect fish, maintain aquariums, and raise the aqua marine life. Their fund raising is done by collecting popeans. It is unique and also profitable. At the end of every year they return all the equipment and have a big pizza party. Go Fish!

The lady Hawks enjoyed one of their finer seasons this year, finishing at 14-7. The lady Hawks also were able to claim the White Pine Conference title this season. The Hawks may have been even more impressive had they not faced Saginaw High, one of the top rated schools in Class A, in the first round of districts.

The girls played tough in the first loss to the Trojans, but in the districts they were just overpowered by Saginaw High. The season can still be classified as a big success for the Hawks, who boasted just two seniors on the squad.

For as young a team as the Hawks had this season, they can be proud of their accomplishments and look forward to bigger and better things next season.

For one to say that the Heritage Guys' Varsity Soccer Team had a pretty good season would be the understatement of the year. The team compiled an outstanding regular season record of 15 wins and no losses and was ranked 5th in the state going into the tournaments, where it was finally ousted by Traverse City in the district finals. What are the components of such a winning team? They are not only a number of extremely talented individual athletes, but a superb team spirit and will to win.

The team's fabulous record is clearly the result of long hours of practice. Is this to say that practice wasn't enjoyable? Senior Nick Iamurri says, "I hate practice. Practices are boring. They're hard, though. You get there, you run three miles and when you're done you don't feel like playing anymore." When asked his opinions on the obviously tough Coach Bill Hartle, junior Mark Crelly says, "Coach Hartle is experienced." Experience also seemed to be the key to the success of senior offensive M.V.P. Tom Anagnost, who made many contributions to this year's team. He had a nine-game goal scoring streak early in the season, and finished the year having scored 14 goals in 18 games.

Another reason that Varsity Soccer tried so hard is because of the exceptional reputation they earned and the resulting added pressure to win the state title. Senior Brian Rilko comments, "In the beginning of the season there were such high expectations and we were projected to do so well that it made our final game all the more disappointing. It was a fabulous season, though."

These excellent, dedicated athletes won with grace and lost with dignity. They comprised the best soccer team that Saginaw Township has ever seen. No one can deny that Heritage Varsity Soccer definitely made its mark this year. Tom Anagnost sums it up by saying, "We had a great season this year, one of the best Saginaw's ever had, but there is always room for improvement."

The boys of the J.V. team had a burst of energy again thisyear. They were both energetic and proud. They were proud of the great success they have achieved this season. They won seven games and tied four. I guess that shows that team work pays off. Several of the players described the team as one big happy family. Awards were given to Mark Loeffler for best defenseman and most valuable player, Mike Loeffler received the award for best offensive player, and Adam Brown for best team player.

Freshman

The first freshman soccer team to play for Heritage proved they were worth waiting for. They won eight games and lost only one. They showed they were responsible by being on time for practice. They also showed good sportsmanship. Their desire to excel will set the trend for future Heritage soccer teams, says Coach Kurtz. Awards were given to Brent Reif, Pat Sudhoff, Kevin Keaner and Chris Sligh for most improved players. Most valuable players went to Jeff Robinson. Coach Jim Teal of the Junior Varstiy Tennis team worked long hard hours with the team this year. Coach Teal had a little different philosophy than many other coaches in the aspect that he emphasizes "having a good timethan "winning". Not that he din't want them to win- he also encouraged the girls to do their best, but have a good time doing it.

Michelle Birkmier, voted Most Valuable Player, says "she likes to win". Leigh Albrect replied "I like tennis.

GIRLS

SWIMMING

On August 13th at 7 a.m. the 1990 Girls Varsity Swim Team began their season. The coaches, John Muslin and Bob Oliver, trained them for those few weeks during the summer to prepare them for their swim meet the first week of school.

It took a lot of time and effort to be a member of the team. The practices were everyday after school from 2:30 to 5:00, unless there was a swim meet that day. The girls had two weightlifting sessions per week. Another part of the team that didn't get as much recognition as they deserved were the divers. They played a very important role for the team.

Special recognition should be given to the five girls who qualified for the State Meet at Michigan State University. They were: junior Heather Nicholson, sophomore Sarah Brandt and freshmen Tammie Spatz, Kara Kaltenbach and Erin Ford. Great job to all the girls.

Anne Ahrens
"I think our team did really well this year. We had a lot of individual accomplishments, and that is what makes the team good."

The Heritage Varsity Cheerleaders this year were full of enthusiasm as usual. The 1990-91 school year showed plenty to cheer about. These girls attended every varsity football and basketball game and cheered our athletes on to many victories. Our cheerleaders also helped promote other school events such as pep assemblies, parades, individual class competitions. These young women have worked hard and deserve much credit. Keep up the great work Varsity!

Our J.V. cheerleaders have done a great job this year promoting school spirit. Each and every girl has worked hard at making our school a more spirited and pleasant place to be. Our school needs these girls to cheer our athletes on as well as represent our school at away games. Congratulations girls for making this year the best year yet. Keep on

J.V. POM-PON

The J.V. squad did it again! They received a first place trophy at the state competition, for the second year in a row. Wow, Were they excited! After working so hard all season, the squad wanted to do great, and that's just what they did! "I was very happy when I was moved up to the J.V. squad, because I knew I would participate in state competition and many other activities. I was working well with the Freshman squad, but I knew I would have as much fun on either squad", said Courtney Procter. The J.V. squad had a terrific year. Congratulations girls, and good luck next year!

POM-PON

"The most memorable event was the opening performance at state, even though we didn't compete. It was still fun!", said Marisa Tesuro.

The Freshman pom-ponsquad had a great season this year. Not only did they perform at all of the Freshman games, but they also followed in the footsteps of the Varsity squad and the J.V. squad. They attended the summer camp, supported the J.V. squad and Varsity squad, and also performed at state competitions." A lot of people think that pom-pon is just fun and games, but pom-pon is a lot of hard work. It has stressful practices and performances", said Jodi Hammis. "I am very excited for next years squad, we will all have a lot of fun together", said Marisa Tesuro.

The Varsity Basketball team compiled an even 10-10 record during the regular season and was invited to play in the district finals. Even so, most Hawks could not help being a little disappointed with the first round loss to Bay City Central.

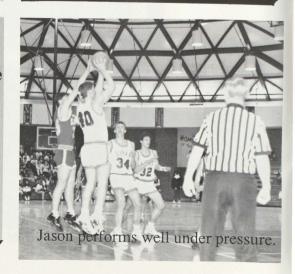

Senior point man Tom Anagnost hit several key free throws under pressure and Kris Fisher turned in an outstanding performance but it was not enough. Bay City Central would advance in tournament play.

The season should not however be considered a loss overall. Heritage did make it into post-season competition. The Hawks were led by Kris Fisher's 15 points per game along with Brian Nuffer's 11 a night. Even though these two men will be gone next season, the future remains bright for those who remain.

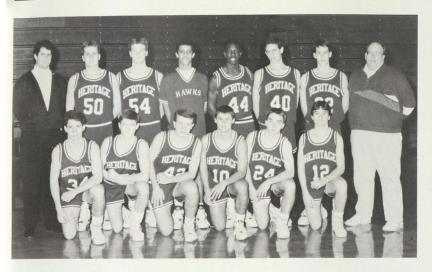

"I like to coach because I get to work with highly motivated students in a teaching and learning situation"

VARSITY HOCKEY

Heritage Varsity Hockey didn't have an exceptionally good season due to the fact that a lot of the players were inexperienced and ineligible. Most valuable player went to Nick Iamurri and most improved player went to Greg Szafranski. Even though they weren't winning they had a lot of fun and memorable times like Rob's beverage can rolling to the front of the bus. The team brought out the joy of working together.

Another highlight was finishing 4th at the Saginaw County meet. Many wrestlers enjoyed fine seasons, such as Jamie Kasper, Matt Rausch and Mark Zieroff.

Many underclassmen were on this year's team, earning some much needed experience for the years to come. The youth on this years team will have a lot to say in the up and coming years.

This year's varsity baseball team started off slowly, but steadily improved as the season went on. After losing many games in the begining, the team ended up with a 11-13 record. "This year we had a young team with only two seniors." said Coach Lou "Bear" Dulac. "They did what was expected-because of the inexperience this was a learning year. Next year many of our players will return as juniors and seniors; we should be able to win more games." With the conference as tough as it is, the team will have a lot of work ahead of them.

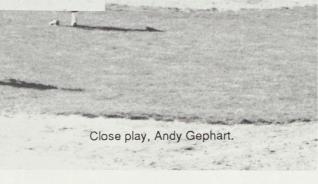

How would you describe the season?

7-16-1

This year's junior varsity baseball team started out bad by losing their first four games. Then the Hawks started to play the way the were capable of, and won the next four games. The J.V. baseball team was the only one to have a winning record.

This year's freshman team started out great winning it's first three game. Then injuries plagued the team and the season went down hill. They ended up with a losing record but hope to do better next year.

The number one singles tournament champion was Jason Bennett. Ray Baranski and Chris Sligh were given the most improved player award. The j.v. team also did good this year. They came in first in the Heritage J.V. Invitational. Their record is 10-1. Jimmy Kim was the most valuable player. Jimmy Kim was also the number one singles player. Chuck Bauknecht and Joe Byrne were the number one undefeated doubles team. Jason Bowerman was the most improved player. The varsity team was did no less than great themselves. They came in second place at Regionals and at the Heritage Classic. They came in first at the WPC. Ryan Kaltenbach and Brandon Grimm were the most valuable players. Brady Countryman was the most improved player. The WPC-first team consisted of Rysn Kaltenbach, Brandon Grimm, Matt Grigg, Hank Winchester, Tae Ahn, and Jin Yun. The WPC-Hon. Men. were Prashanth Kumar and Korey Nuckolls. The Regional Champs were Ryan Kaltenbach, Brandon Grimm and Matt Grigg.

"It was a great year. We won our J.V.

Invitational. Jeff Kelly provided the team as a source of entertainment."

says J.V. member Joe Byrne.

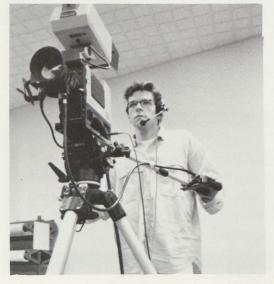

"Our Freshman team had a good year. We placed third in the Heritage J.V. Invitational. I hope we will continue to work towards the Varsity team."

Says Freshman member Ryan Kelly.

It gives me the chance to make a difference in everything that the band does.

-Trevor Liddle

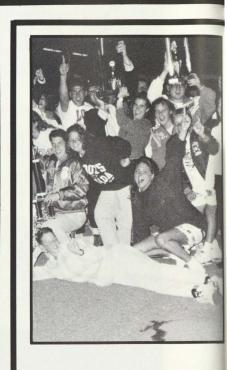

Why do you like being Drum Major?

The Marching Band started on the right foot this year when performing at Central Michigan University. Between forty and fifty bands performed at halftime on the field during a football game. Roger Klomp said, " It's exciting to see so many high school students performing at once." The Marching Band marches and plays at all home football games and most pep assemblies. The band has also performed in the Pride, Green Acres, and Hemlock parades. Darcy Nentwig says, " The band provides spirit and enthusiasm to the student body, cheerleaders and pom pon girls."

" What do you like best about Heritage Varsity Choir? "

"I like traveling around to different places to compete and perform."

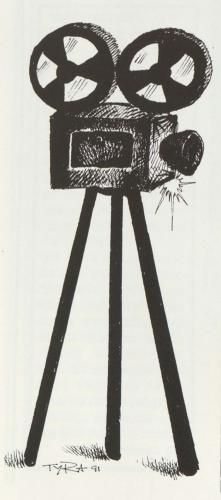

-Chad Hiser '92

This year's Heritage High School Choir is outstanding. They performed in numerous concerts this year ranging from The Festival of Trees at the Civic Center to their very own Christmas concert held here at Heritage High School's own theater. The choir also traveled to Toronto for competition, fun, and sightseeing this spring.

"Everyone practices hard to meet the demands of a six-concert performance schedule," said Chad Hiser. When Christy Baker was asked what she thought of the choir she said, "Everyone realizes that the choir works extremely hard everyday to provide such an excellent performance for each and every concert."

COMMUNICATIONS

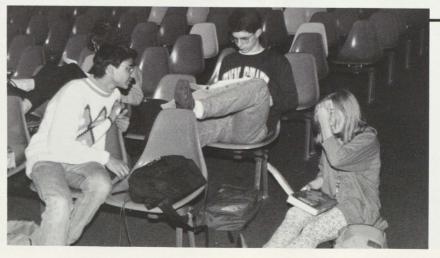

ACTING

IN PRODUCTION

The communications class at Heritage is known to give kids great ideas for experiments they will encounter in real life. They do things such as the political speech, informative speech, demonstration speech, a mock interview, a debate-which includes very controversial subjects-and they also write a story about a frog's adven-

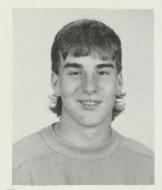

The acting class at Heritage has been known to do outstanding jobs in the plays they produce. They have presented works such as "A Typically Atypical Day", by Richard Norquit; and "The Steadfast Tin Soldier". To prepare for their plays, they present monologues and short skits to the class and do also improvizations.

"The class is not as interesting as it sounds. The teacher will favor people in certain areas and not everyone will have a chance to do a lot."
-Bill Willumsen

"I think it's a fun and interesting class."
-Darko Louit

"It's a fun class where you can learn a lot and have fun."

-Pat Strzyinski

This year is the first year the TV Production class has had the actual use of a studio. They converted a normal classroom into a large TV studio with a soundroom and monitors. The students learn how to use lighting, cameras, and monitors. This is a great way for beginners to gain experience.

The Averill Opportunity Center is an amazing catalyst in the beginning of any career. C.O.C. holds classes in a wide range of fields, from aeronautics to welding. This year one hundred and fifty- three students from Heritage attend C.O.C.The importance of the programs offered is unquestionable. The students may use the skills they have obtained at C.O.C. as a shining symbol of personal accomplishment on any resume. Not only is C.O.C. a great place to learn, it also offers job placement after the completion of the course.

Karen Keaner dreams of her future and hopes that

COC an

his program will help her make that dream real.

"The reason why I like this class is because it gives me training that will help me a great deal for when I go to college."

-Heather Munro, 11th grade

"I like the opportunities in life the course has to offer. It is really fun to work with and are helpful at the same time."

-Joe Van, 11th grade

"I feel like I have learned not only about marketing and management, but also about business and careers."

Good things are all Julie Johnston can say about the marketing classes here at Heritage. "I never have been so impressed with a class such as my Marketing II class. They have done so much with our store and they are very responsible. I enjoy teaching here at Heritage, and am very fortunate to have gotten the job." Mr. Dalek, the other marketing teacher has nothing but good coments about Julie. "She is a great lady, and teacher. She really has her act together. I like working with her, and her marketing classes as well." Mr. Sheffield had a few comments as well. " I can't say enough about the marketing classes. The displays, store layouts, attitudes, profits, and just about anything the store has done is just remarkable. Julie and Jerry are great teachers, and I'm glad they are part of our Heritage team."

Our business classes here at Heritage are a remarkable combination. Not only is there Marketing, and Accounting, but Computers, Typing, Economics, and a whole new door that opens to the business future. Heritage has so much to offer, especially in the business field. The students have nothing to complain about when it comes to getting a good education.
We have a good teaching staff and fine academic program. The students are very fortunate to have these benefits here at Heritage. Only great things lie ahead for everyone here at Heritage High School.

SO WHAT DID YOU

STUDENTS KEEP BUSY IN SCIENCE

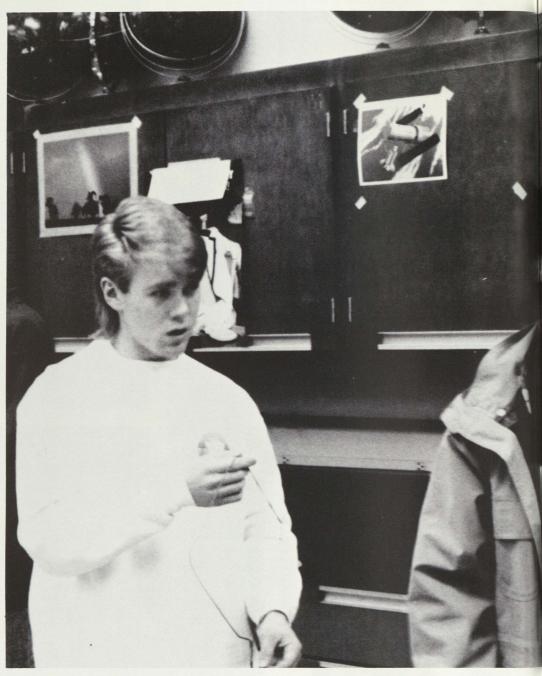

"I took it [Physics I] because it was

necessary for my college interests."

Carsten Nielsen, junior

So you think students who have science classes do nothing each day? Well, believe it or not, you're wrong. Every class, from the most basic to the most advanced, explores the mysteries of the world in a science room. Along with bookwork and lectures, many teachers supplement their lessons with labs and experiments. "We experiment with plants and light and enzymes", said Trevor Schmidt, a student in Biology II A.P. class. "We also discuss processes of animals." Biology students also complete dissections, with Bio I students dissecting frogs and Bio II and Bio II A.P. dissecting pigs. In physics classes, students do "lots of homework and many useful experiments.", according to Carsten Nielsen, a Physics I student. Experiments in both Physics I and II cover gravity, light, force, heat, or even acceleration, but Physics II students work with more difficult experiments and formulas. But if either of these aren't for you, there's chemistry. Students in Chem I learn about various topics such as atoms and molecules, elements and their properties, or ions and solutions; during labs and experiments liquids are boiled and solids are precipitated. Meanwhile, Chem II students work with solutions, precipitates, elements, and organic chemistry. "Chem II is probably one of the hardest science classes.", said Sally Hutchins, a junior in the class. "It's a lot different when you work by yourself like you do in Chem II [in qualitative analysis]. You work at your own pace within a certain time limit, but you can't rely on anyone else if you need help!" So, whatever your talents or interests, Heritage has the class to keep you fascinated with the world of science.

DO TODAY?

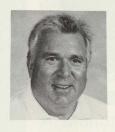

CLASSES

Why did you become a

science teacher?

"Because I liked science, especially the biology part. Early in college I was a lab assistant and was able to work with students and teachers, so that helped to finalize my decision."

This year's senior class is one of the most academically talented Heritage High has ever seen. Over one-third of the students graduating with a cumlative G.P.A. of 3.0 or over, 61 students are member of the National Honors Society, and nine students graduated with a 4.0 G.P.A. or better. Ffive students are National Merit Scholarship Commended Students and three are National Merit Scholarship Finalists due to their high test scores on a qualifying test taken during their junior year. One of these finalists, Zac Constan, won a scholarship from the National Merit Board. Also, two Heritage students, after being nominated by a congressional representative, passing tough physical tests and scholastic requirements, were accepted as basic cadets into the Air Force Academy. With so many students reaching such high levels of scholastic excellence, these graduating students and the entire senior class truly live up to the phrase "Simply the Best".

What are your educational and career plans?
I plan to study math at Harvard, go to graduate school to earn a Ph.D. in math and eventually teach on the collegiate level.

What will you miss about Heritage?

I will miss seeing my old friends here.

What are your educational and career plans?

I will attend the University of Michigan and in my junior year enter their business school. Eventually I want to have a management job in finance, banking,

or a related field. Someday I hope to start my own business.

What will you miss about Heritage?

The people- as we all leave here and go to college it becomes more and more difficult to keep in touch.

The Life of A Doolie

As a basic cadet, or doolie, at the Air Force Academy, there are many habits and techniques that each cadet must learn. The day begins at 5:30 AM with morning runs and practices; it isn't until 7:00 that breakfast is served. At 7:30 the school day begins: six regular classes, one military class, and one sport must be taken each year. Lunch at 11:30 and dinner at 5:00 for twenty minutes each provide the only breaks, but even then you cannot relax. Everything must be perfect: the cup must be in the upper right corner of the plate, the fork must lay on the right side of the plate, and eating techniques such as bending an arm in a certain manner must be followed. After dinner, more practices and homework make up the night's schedule. By 11:30 you are in bed, getting enough sleep to be ready for tomorrow. As a doolie, everything you encounter will be tougher than what the other cadets face. Class salutes begin each class before the lessons begin, two newspaper articles must be memorized word for word each day, and daily march drills exist. Doolies must also walk along a white marble path and, when passing higher-ranking cadets and officials, stop and salute them. Only three vacations are granted: two weeks at Easter, two weeks during Christmas, and three weeks for the summer. Fortunately, life becomes easier as you advance through the ranks: saluting other cadets is unneccesary, more vacation time is granted, and no practice drills are required. As our two appointees enter the Academy, we wish them luck as they must persevere to survive some of the toughest times they will ever face.

Who is your favorite teacher and why?

" Mr. Such, because he has a great sense of humor that makes class fun and enjoyable." -Brian Hartl,'92

"Mr. Giddings, because he gives us a lot of interesting assignments and he lets us express our view points freely in class."

-Melina Paez, '93

"Mr. Crane, because he has a great sense of humor and he really cares about his students." -Bonnie Kahn,'94

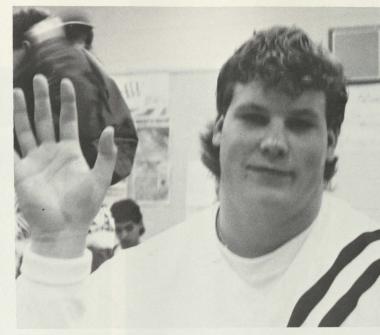

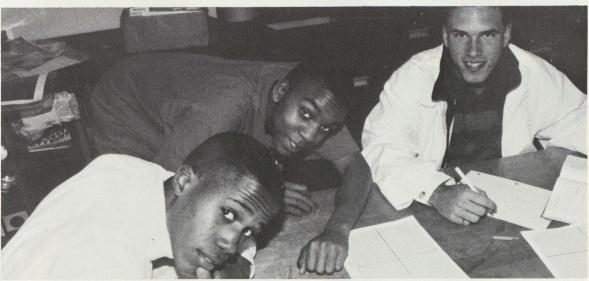

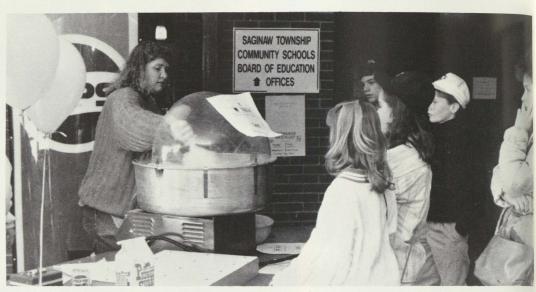

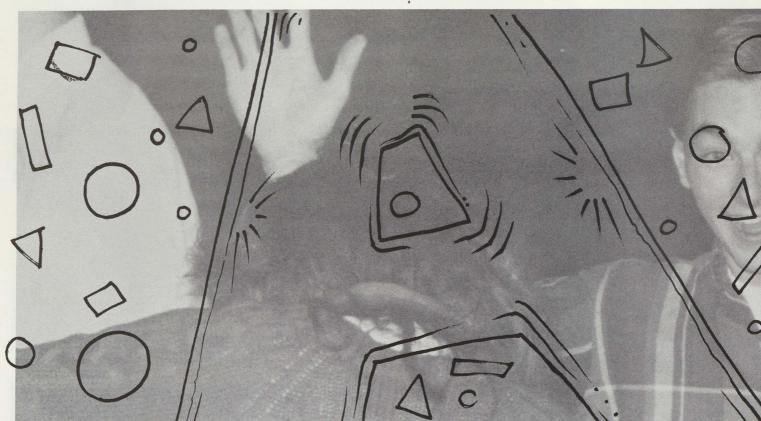

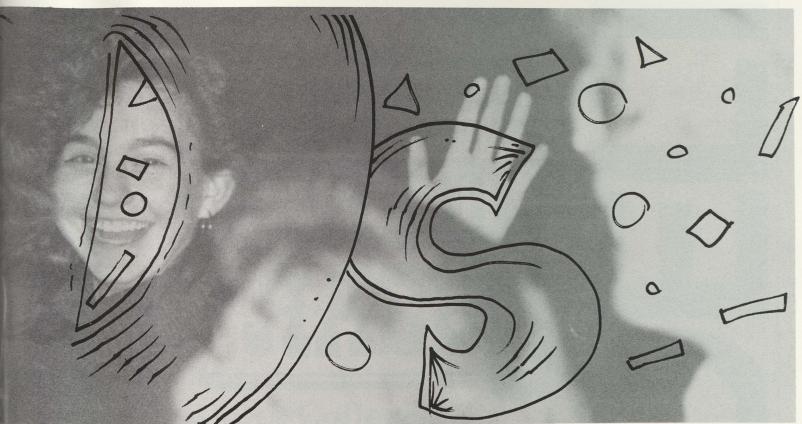

The harder you try, the better you'll enjoy the results.

Here's Lookin' At Ya

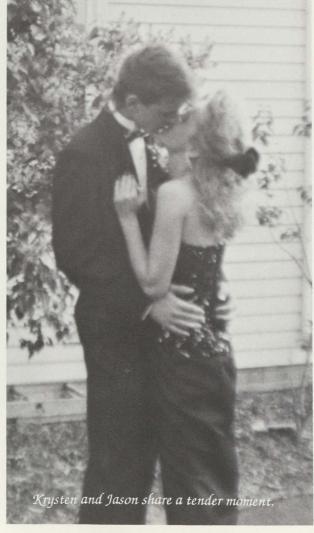

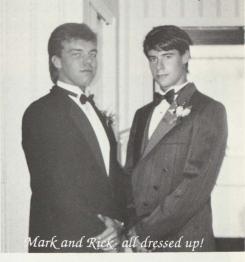

"An Evening

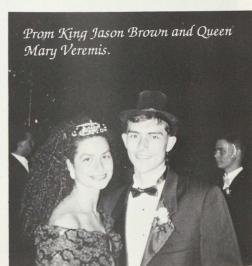

May 11th, 1991, was a night for many to remember. It was a hot and humid night with electricity in the air. Prom was finally here. The Juniors sponsored "An Evening In Atlantis" to say goodbye to the Senior class in style. The gym was transformed into an underwater kingdom. The atmosphere combined with the excitement made the night a true success.

In Atlantis"

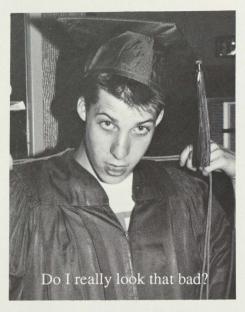

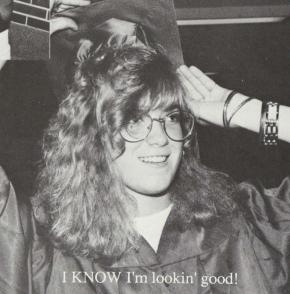

GRADUATING

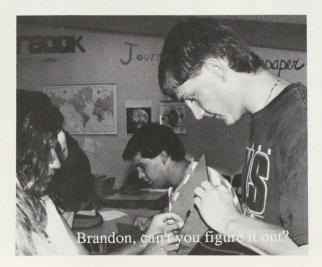

The Graduation activities began with the distribution of announcements. This event was followed by the 1991 Prom-An Evening In Atlantis. Honors Night was next up. The next step to graduation was the distribution of the caps and gowns. Now with all of the preliminary events having passed, the only thing left to do was receive diplomas. The commencement ceremony was held at the Ryder Field House at S.V.S.U. The Senior class was well represented by Patricia Hersh-Valedictorian, StevenWarnke- Salutatorian and Class President Antony Nuckolls.

Congratulations to the Class of 1991.

Kate's got at goin' on!

CLASS OF 1991

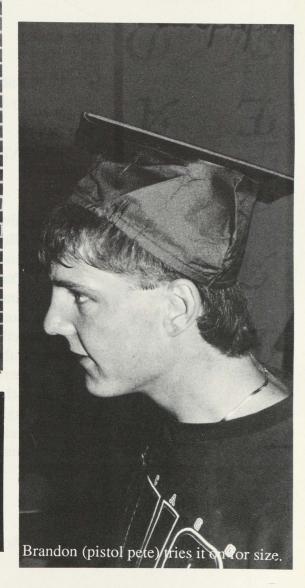

'I am happy to be recognized as part of a class that I respect so much.' - Patricia Hersh

"Being the Salutatorian of the senior class is an honor, but more importantly it signifies the achievements of each and every member of the class of 1991." - Steven Warnke

Missy's on her way.

Heritage High School The Legacy

Roland E. Crane Advisor Trevor C. Liddle Co-Editor Kathryn L. Burda Co-Editor

The 1991 Legacy Volume III has finally made it to print. The yearbook has made many changes this year. It has not only changed to a fall yearbook, but there were two different classes which made it hard on everyone. Pages were done and re-done to everyone's dismay. Deadlines were set and broken, but in the end the yearbook is now complete. It was a tough year for second year students with deadlines being so late. It was an even tougher year for incoming yearbook students. We at the yearbook staff hope you enjoy this year's yearbook, but as always we can not make everyone happy. Have a great year and look forward to an even better yearbook next year.
